Diagram illustrating the construction of a 17x17 grid from a 1D array of 17 elements. The 1D array at the top contains elements 1 through 17. Below it, a 17x17 grid is shown with rows 16, 15, 14, 13, 12, 11, 10, and 9 labeled on both sides. The grid is filled with blue and yellow cells, representing a specific pattern or data structure.
